7. Nomination

BMRA Rules require applicants to be nominated by a director of one Ordinary member company and seconded by a director of another Ordinary member company. BMRA will write to the named companies asking them firstly to confirm that they know the applicant sufficiently well to act as a reference referee, and secondly whether they would support the application.

It is therefore strongly recommended that applicants check that the named individual will be prepared to propose and second their application before providing their names below.

	Name of company	Name of director	Address & e-mail
Nominator:			
Secunder:			

It is essential to ensure the proposer and seconder are both directors of a current ordinary member company.

8. Declaration

I declare that the above information is complete and accurate, and that the named company agrees to:

- a. comply with the BMRA Code of Conduct and all relevant legislation and not do anything that will bring the BMRA or the metal recycling industry into disrepute,
- b. make an annual membership declaration including financial and tonnage turnover, and employee numbers,
- c. pay the appropriate annual membership fee within thirty days of receiving the invoice,
- d. ensure that employees receive appropriate Health and Safety training, *and*
- e. give at least three months' notice, in writing, if withdrawing from membership (*please note that in these circumstances no monies are repayable*).

BMRA reserve the right to conduct spot checks on member companies and may request to see proof of appropriate (H&S) training, certificates of operator competence/TCM, SMDA/AWLA licences at any time.

The form must be signed by the proprietor, or a senior partner or director of the company.
