

CIWM

Together, we stand for a world beyond waste

Empowering employers to improve health & safety in the metal recycling sector

Webinar | 6th September 2022

Welcome and Introductions

- **Jacqui Brunton-Douglas**, Professional Services Project Manager, CIWM
- **Nathan Cookson**, Head of Learning & Development, CIWM
- **Antonia Grey**, Head of Policy and Public Affairs, BMRA
- **Chris Williams**, Head of Learning & Development, EMR

About CIWM

VALUE PROPOSITION:

Creating more for professional life: the benchmark of professionalism, resources and achievement for our sector.

OUR MISSION:

Unite, equip and mobilise our professional community to lead, influence and deliver the science, strategies, businesses and policies for the sustainable management of resources and waste.

THE CIWM WAY:

Our values are collaboration, creativity, determination, adaptation, consideration.

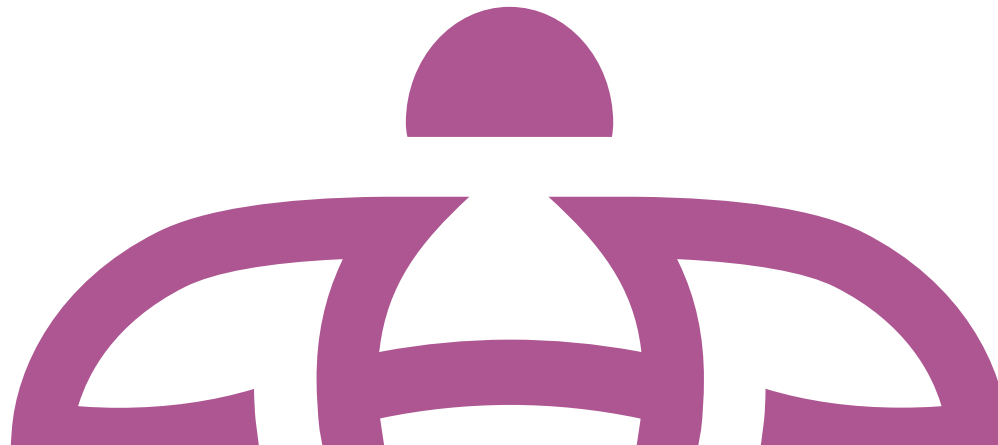

The Challenge

- Sector has a high rate of serious work-related accidents and fatalities
 - 31% of non-fatal Injuries (Slips, trips & falls)
 - 30% of fatalities (Struck by/contact with moving vehicle)
- No professionally recognised card scheme evidencing health and safety competence
- Time and resource intensive to undertake onsite health and safety inductions

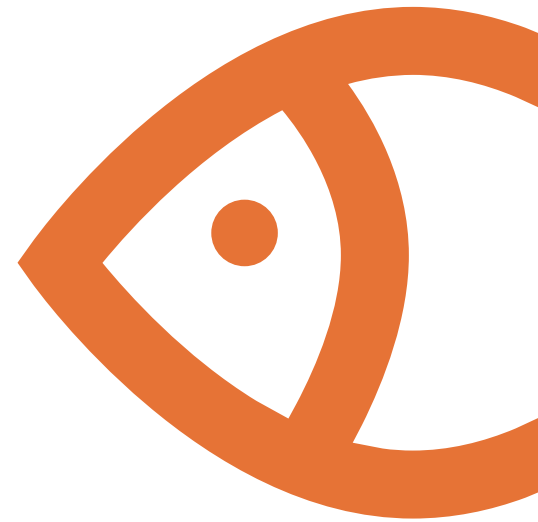

Sector Collaboration

- CIWM and BMRA working in collaboration
- 21 April 2022 - Metal Recycling Contractor Competency Scheme (MRCCS) launched
- 3 May 2022 - First MRCCS Tests

The Solution – MRCCS with Digital Credentials

- Authenticated by a Pearson VUE test
- Evidenced via CIWM Profile (a digital credentials card)
- Designed to provide evidence of individual contractors' capability and competency
- Employers can quickly look up the health and safety competency of onsite contractors to:
 - Reduce accidents
 - Reduce time and resources
 - Reduce risk

BMRA Perspective...

Antonia Grey

Head of Policy & Public Affairs

British Metals Recycling Association (BMRA)

MRCSS Test – How it works

- Two MRCSS Tests:
 - Contractor – **Operative** Test (26 MCQs)
 - Contractor – **Supervisory** Test (40 MCQs)
- 55 minutes for completion
- 85% pass mark
- Re-test every 3 years
- Book via Pearson Vue to take the test at a Pearson Vue test centre
- Competence will be confirmed by a Pearson VUE test and evidenced via CIWM ProFile

MRCCS – Test Coverage

Operative – 12 topics Supervisory – 14 topics*	
1. Health and Safety at Work	8. Permits to Work
2. Manual Handling	9. Community Complaints
3. Working at Height	10. Health and Wellbeing
4. Risks to Health	11. Modern Slavery Act 2015
5. Plant and Equipment	12. Equality and Diversity
6. Environmental Impact	13. Communication Skills*
7. Legislation and Regulations	14. Responsibilities - Overseeing task and/or team*

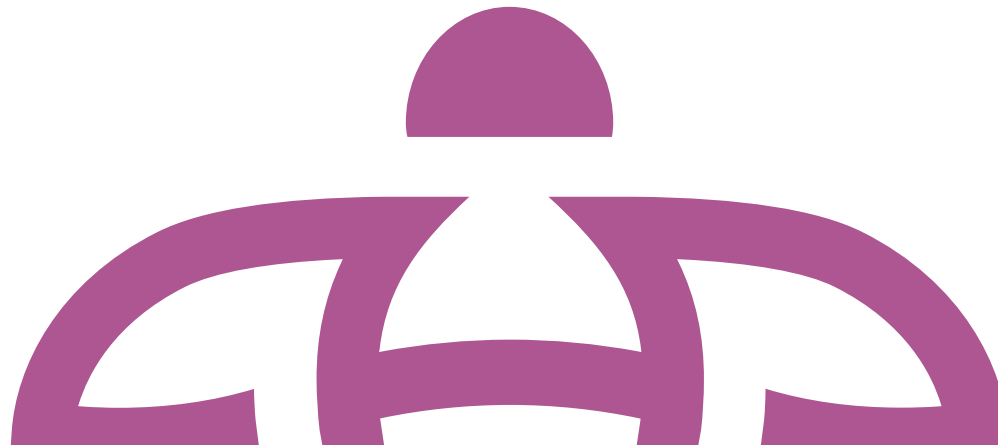

Key Benefits

- Reduce the risk of accidents and fatalities on site
- Reduce the time spent on health and safety inductions
- Be assured that the contractors you have onsite are health and safety competent
- Improve workplace health and safety by hiring competent contractors
- Validate health and safety competence quickly and easily using a unique QR code.

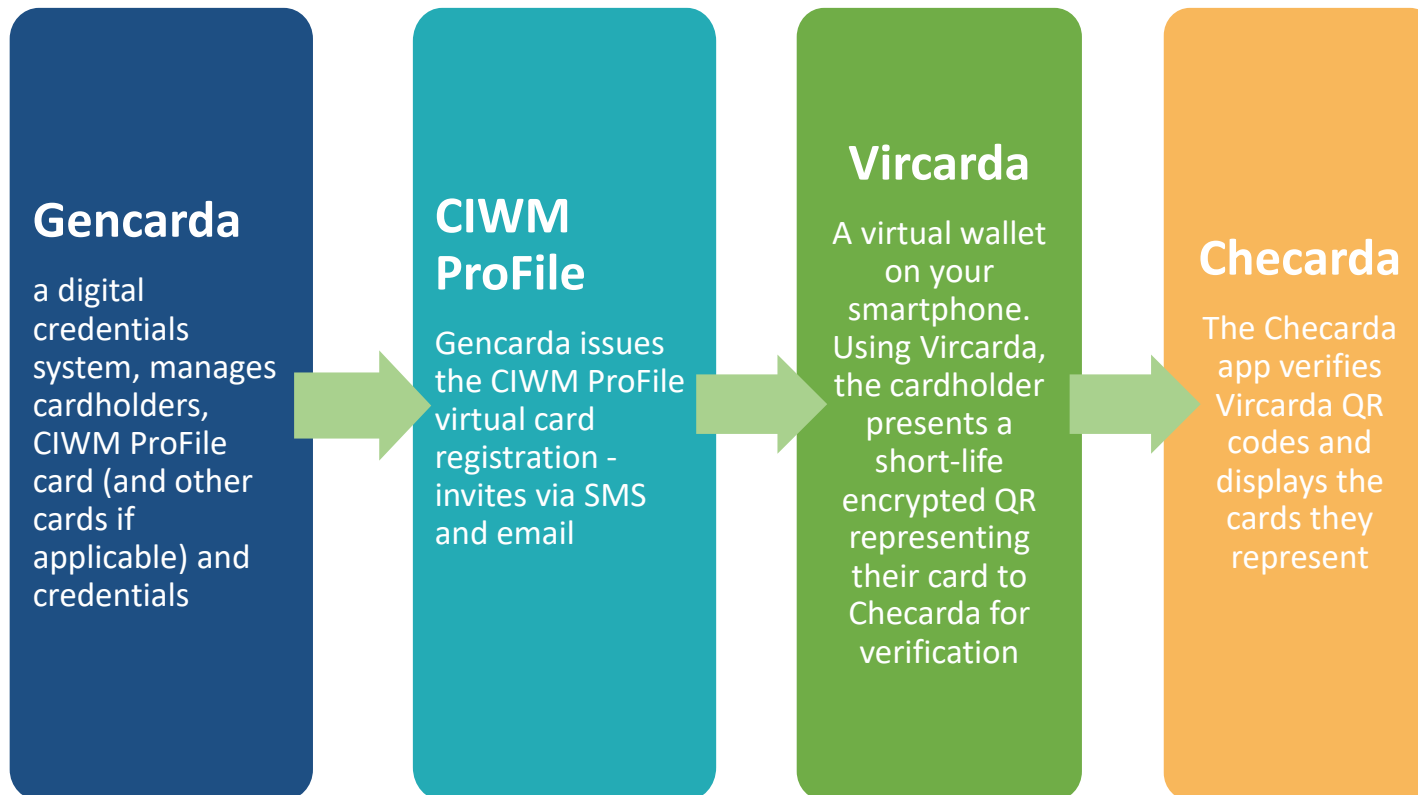

From an Employer's perspective...EMR

Chris Williams

Head of Learning and Development
European Metal Recycling (EMR)

How it works

CIWM Profile Card

The profile card features a teal header with the CIWM crest and 'CIWM | Profile' text. Below this, a white arrow points to the name 'Jason Johnson', followed by 'AssocMCIWM, MCIWM' and 'ID Number: 56547887'. A portrait of Jason Johnson is shown in a white-bordered box. The lower section is white with a teal border, containing three circular icons: a green 'CH' icon for 'CIWM Chartered Member', an orange icon for 'Minimum Level Competence', and a grey icon for 'Technically Competent Manager'. A teal banner at the bottom contains the slogan 'Together, we stand for a world beyond waste'.

 Technically Competent Manager

Together, we stand for a world beyond waste

eLearning Revision Guides

- CIWM has developed two e-learning revision guides to help contractors prepare for their test:
 - [Safety on metal recycling facilities - operative contractor](#)
 - [Safety on metal recycling facilities - supervisory contractor](#)
- **Early Bird promotion:** Receive an exclusive 50% discount on the e-learning courses when you book to take your (MRCCS) Operative/Supervisory Test before 31st December 2022
